

2016 KAIST CMC
Mathematical Biology
Conference on

Kinetic models and traveling wave phenomenon in mathematical biology

Principal lecturers and topics

- * **Thomas Hillen** (University of Alberta, Canada)
“Kinetic equations, scaling limits and applications in biology”
- * **Hiroshi Matano** (University of Tokyo, Japan)
“Front propagation in reaction-diffusion systems”

Invited speakers

- * **Inkyung Ahn** (Korea University)
- * **Sunho Choi** (Kyung Hee University)
- * **Jaywan Chung** (NIMS)
- * **Seung-Yeal Ha** (Seoul National University)
- * **Hyung Ju Hwang** (POSTECH)
- * **Kyungkeun Kang** (Yonsei University)
- * **Ohsang Kwon** (Chungbuk National University)

Organizer

- * **Yong Jung Kim** (KAIST)

Contact

- * **Hyeonsu Kim** (KIAS)
