

Korea PDE Winter School

Dates : February 24-28, 2019

Place : Yonsei University, Seoul, Korea

Homepage: http://cmac.yonsei.ac.kr/seminar/2019_PDE_School/

Topics

- Nonlinear Elliptic Partial Differential Equation and Application
- Stochastic Partial Differential Equation

01 Principal lectures

- Neil Trudinger (Australian National University, Canberra)
 - : Topics in Nonlinear Elliptic Partial Differential Equation and Application
- Kijung Lee (Ajou University) and Kyeong-Hun Kim (Korea University)
 - : Stochastic Partial Differential Equation

02 Invited speakers

- | | |
|---------------------------------------|-------------------------------------|
| • Jongkeun Choi (KIAS) | • Sukjung Hwang (Yonsei University) |
| • Ildoo Kim (Korea University) | • Kunwoo Kim (Postech) |
| • Seunghyeok Kim (Hanyang University) | • Soojung Kim (KIAS) |
| • Minsuk Yang (Yonsei University) | |

03 Organizing committee

- Sun-Sig Byun (Seoul National University)
- Yong Jung Kim (KAIST)
- Seick Kim (Yonsei University), Local organizer
